YOUR PATH TO BETTERMENT

YOUNGEVITY.

Food and dietary supplement products sold by Youngevity are intended to contribute to the daily diet and overall health and are not intended for use in the prevention, treatment, mitigation, or cure of any disease or health related condition. Individuals who have or suspect they have an illness or who wish to commence a diet or exercise program should consult an appropriately licensed health care practitioner for a medical history evaluation, diagnosis, treatment, and health recommendations.

Youngevity prohibits its distributors from making income earning claims in association with the promotion of Youngevity business opportunities. Whether an individual who becomes a Youngevity distributor will earn more than he or she pays for the business opportunity depends on multiple independent and dependent variables that are impossible to predict, such as economic factors unique to each location where product sales are attempted and the sales talents of each individual distributor.

The 40 Year Plan

For every 100 people who reach the age of 65

The Gig Economy

- In the Gig Economy traditional “Corporate” long term jobs are vanishing
- But short and flexible opportunities are growing
- Currently 1 out of 3 Americans work as part of the Gig Economy
- By 2020 **half** of all Americans will work as a part of the Gig Economy

THE GIG ECONOMY

There has been a rise in work characterized by an abundance of temporary positions filled by independent contractors on a short-term basis. While the digital revolution has sparked a debate surrounding the gig economy, traditional forms of contingent work have grown rapidly.
